

Mental Health First Aid for Public Safety

Mental Health First Aid for Public Safety provides law officers and staff with more response options to help de-escalate incidents and better understand mental illnesses so they can respond to mental health-related situations appropriately without compromising safety.

WHY MENTAL HEALTH FIRST AID?

Mental Health First Aid for Public Safety teaches you how to identify, understand and respond to signs of mental illnesses and substance use disorders. This training gives you the skills you need to reach out and provide initial support to someone who may be developing a mental health or substance use problem and help connect them to the appropriate care. It focuses on the unique experiences and needs of public safety personnel and is a valuable resource that can make a difference in their lives, their coworkers' and families' lives, and the communities they serve.

Upcoming Training Dates:

May 16

May 23rd

May 25th

Howard County Sherriff Station
